

AMERICAN DEFENDERS OF FREEDOM™

Bring Prayer To All American Defenders of Freedom

STANDING IN THE GAP

(A monthly report)

EXECUTIVE SUMMARY:

10 May 2007

- Two weeks ago in Washington I met with the Army, Navy/Marine Corps and Air Force Chief Chaplains, Chaplain of the Pentagon, Executive Director of the Armed Forces Chaplains Board, Chaplain of the U.S. Senate and had a meeting in Senator Kyl's office.
- I attended the Annual Air Force Chaplain Service Summit Meeting in Washington with our ministry exhibit – ADOF was well received.
- Since initiating the policy to supply all product to Chaplains without charge in mid December, and with our current back orders, 58,000 Prayer Coins and even more Prayer Tracts will ship by the end of May.
- By June 1, all Prayer Coin Inventory will be depleted. It takes three weeks to re-supply.
- The Ministry decision has been made to only order materials, when funds are available for payment.
- Approximately \$45,000 is needed now for Tract and Coin shipments in June.

GENERAL INFORMATION:

The Ministry has gained tremendous momentum. Army and Air Force Chief Chaplains have been very effective in communicating with their field chaplains. The average daily order for Prayer Tracts and Prayer Reminder Coins is 800 each with spikes in the thousands. The Ministry is rapidly spreading by word of mouth. For example, last month a Navy Chaplain attended an Army Prayer Breakfast and subsequently told his senior chaplain about ADOF, who proceeded to order. He told his friend, a Marine Chaplain, on the same island, who just ordered for his ministry. Numerous emails are received daily from Chaplains expressing thanks and appreciation. We are told by Chaplains all over the World they are continuously lifting ADOF up in prayer. Yesterday a Navy Chaplain said he and his wife live below their means and would like to make a donation. An Army Chaplain and his wife have now contributed three times.

Think on this – Jesus said, "... all things are possible with God." (Mark 10:27) Therefore, I believe that we can pray big. Please join with me in prayer that no Troop, Sailor, Air Man or Marine be lost to eternal death without personally having the opportunity of accepting saving faith in Jesus. I ask you to covenant with me to **pray that daily**. ADOF provides an avenue that pursues this end.

Lastly, my biggest challenge is raising the funds. You know that is not what I do best. So, please pray on this. If there is some one you think I should talk to, please let me know. The need is immediate and promises to be continuous.

For Him, who is able,

Bill
