

AMERICAN DEFENDERS OF FREEDOM™

Bring Prayer To All American Defenders of Freedom

STANDING IN THE GAP

EXECUTIVE SUMMARY:

13 July 2007

- The ministry is in the black. Many Chaplains have sent in donations and also a few Base Chapels. Marines on Okinawa and a local church have made generous donations.
- Without inventory to ship we have not pursued orders from the Chaplains; however they still come in – four thousand just today.
- The slack shipping time has been used to bring necessary accounting programs and data bases up to speed. That in itself has been a blessing.
- Ministry projections are becoming better defined. Approximately 250,000 requests will be received annually. Criteria has been developed to screen and reduce the number to 180,000. This translates to \$35,000 a month budget to ship 15,000 **Coins** and **Tracts** per month.
- Can money be better spent than the cost of \$2.35 each to get the message of salvation out to 15,000 American Defenders of **Our** Freedoms a month?

GENERAL INFORMATION:

Each month a Chaplain is high lighted on our website home page. This month we say goodbye to CH Brandon Harding, CPT USMC and welcome CH Don Williamson, CPT USA. As a Nation, we are blessed to have Chaplains of such quality, capability and dedication ministering to our Troops.

I follow up on every possible ministry support lead. Should you have any thoughts or ideas in that area please contact me. The need is \$50,000 to start responding to the backlog. As it is now, I respond saying we are out of **Prayer Reminder Coins**, but your request will not be forgotten.

CHAPLAIN TALK:

"How is the fund raising going? As a former missionary, I know how much of a challenge that can be. Believe me, if I had \$60k, I would send it to you right now I really believe that the coins and tracts you are making are making a huge difference! PFC Dan Bayless, who just gave his life to Christ, has one in his pocket!" **CH Williamson** Note: PFC Bayless had just been involved with a convoy where the vehicle ahead of him was hit and a soldier killed by the IED.

Think on this – Jesus said, "... all things are possible with God." (Mark 10:27) Therefore, I believe that we can pray big. Please join with me in prayer that no Troop, Sailor, Air Man or Marine be lost to eternal death without personally having the opportunity of accepting saving faith in Jesus. I ask you to covenant with me to **pray this daily**. ADOF provides an avenue that pursues this end.

For Him, who is able.

Bill
