Bring Prayer To All American Defenders of Freedom

WHAT'S HAPPENIN' NOW:

Typically good leadership, training and equipment yields high morale. News agencies and bloggers broke the news two days ago that troop morale is extremely low in Afghanistan. Terms like “significant” were used to describe the situation. One retired Army Commander reported three root causes: Presidential leadership, Rules of Engagement and weapon malfunctions (M4 rifle – 40 year old design). The result is that all the past training becomes inconsequential, without leadership, with changing battlefield rules and using defective weapons. As if that is not enough, troop stress has been elevated with 3 and 4 deployments into war zones. Superimpose the stress of war, possible domestic problems and other difficulties back home onto the conditions described above – all of which the troop has no control over - and the state of troop morale is understandable.

HELP SIGNIFICANTLY!

What has been described above is the battlefield where Chaplains engage for the well being of our troops. The American Defenders of Freedom Prayer Tracts and Prayer Coins are significant tools in the hands of Chaplains to share the gospel of Jesus Christ. What a great part we get to play in the battle for souls by providing critical materials to the front line Chaplains. We have great leadership – Jesus Christ. We are well trained – we have God’s instruction manual. We are well equipped with the sword of the Spirit – the Bible and the Chaplains have some special tools – our Tracts and Coins.

BE ENCOURAGED!

Make a contribution and know that you have introduced a troop to the God of the Bible and an invitation to meet Jesus Christ as a personal savior. Some day you will meet troops in Heaven that thank you for helping make their eternity possible.
