Bring Prayer To All American Defenders of Freedom

Standing in the Gap

THE NEW YEAR

As I write this, the World is viewing the devastation in Haiti and the outpouring of aid. The American Military has already been dispatched and is providing aid. What they bring to a disaster is more than their expertise in dealing with the situation - they bring hope. When Americans arrive - hope arrives. You and I know it began with the Christian foundations of our Nation. The world of course does not share that view. Chaplains are in the midst of our troops, ministering - working in circumstances most of us will never experience. Question: Do you think any other nation has deployed Christian Chaplains to Haiti? I like what Jesus says about this. (Matt. 25:35-40)

Here are two comments of the many recently received, one from a Chaplain and one from a Commanding Officer

† I recently supported three companies of Soldiers shipping out. The Prayer Coins you provided were a clear illustration of salvation given through faith in Jesus Christ. Your gift will remind the Soldiers of the free gift of eternal life through our God and King, Jesus Christ.

† This comes from the commanding officer of a Naval Training Center. Thanks for the gift of Prayer Tracts and Prayer Coins. They are a reflection of the heart and soul of America during this most challenging time of our Nation's history.

☞ ADOF thanks all of the Chaplains for the Christmas cards we received.

Be a blessing to those who Stand in the Gap. Pray first, then remember it only costs \$2.50 to get a Prayer Tract and a Prayer Coin in the hands of a Chaplain any place in the World! We are out of Marine Prayer Coins and in a week will be out of all others.

As a **CHAPLAIN** - thanks for what you do - can you be a part of setting up a "Designated Chapel Offering?"

As a **SUPPORTER** - you are God's instrument, your contributions make the ministry possible!

For Him, who is able, Bill
