Involve Our Troops In Prayer

Standing in the Gap

Issue 34

5 March 2010

What's being said at ADOF:

The shipping department looks like Old Mother Hubbard's Cupboard - bare! The last of the Navy and almost the last of the Air Force Coins will go out Monday. We have been out of Marine and Army Coins for so long, I can hardly remember what they look like. Please include the troops in your prayers and then please include the ministry. The stress level in the military is at an all time high. Chaplains who normally are the counseling resource for the troops are not immune to problems arising from budgets, repeated deployments and leadership. Some day we will all know how important our prayers have been for the very life of our Nation.

Here it is: if we had \$12,000, a resupply of Coins for all branches could be ordered. Being a one man band, I wear all of the hats - when ministry is the focus, FUND RAISING is one of those hats that is not fun to wear.
